out to the street and, not seeing Suilivan, who, Aversie said, had gone for the morning papers. I bought the Morning Telegraph and sat in the auto reading is until Sullivan returned with other morning papers. I had read Dora Gillbart's affidavit which was printed in the Morning Telegraph.

I asked Sullivan where he wished to go. Sullivan said he had an appointment with Sam Paul at Forty-second street and Sixth avenue, and wanted to go there to pay Paul some money he owed him. We drove up Centre to Chambers street, to Broadway and Froadway to Twenty-third street and Fifth avenue, to Forty-second street and Sixth avenue we slowed up a bit and Sullivan jumped off. I then continued up Broadway to Twenty-third street and forty-second street was to Broadway to Twenty-third street and sway to 165th street and Sullivan jumped off. I then continued up Broadway to 155th street and to my home, arriving there about 2:30 A. M. Mishitan at this time. They all returned to the station house. Jour 50:530 A. M. Whitman and John Reisler, known as John the Barber, got into a twenty-light and they could not be to station house. Jour 50:530 A. M. Whitman and John Reisler, known as John the Barber, got into a twenty-light street and through to Eight have a sked me to Forty-eighth street and through to Eight have been forty-seventh and Forty-eighth street and through to Eight have been forty-seventh and Forty-eighth street and through to Eight have been forty-seventh and Ford was a street, and through to Eight have been forty-seventh and Forty-eighth street and through to Eight have been forty-seventh and Forty-eighth street and through to Eight have been forty-seventh and Forty-eighth street and through to Eight have been forty-seventh and Forty-eighth street and through to Eight have been forty-seventh and Forty-eighth where between Forty-seventh and Forty-eighth where between Forty-seventh and Forty-eighth stre Hawley, a New York Sun reporter, was on the wire. Hawley asked me if I had heard the news. I said "No, what news." Hawley said "Herman Roseni has just been shot and killed front of the Metropole Hotel," asked Hawley if he was joking, said, "No, I am up here on etory." Then I said, "You talk as Headquarters." Hawley said "Yes, 1 know, but this is my first night duty." Hawley said, "Charlie, I am serious bout this thing. Rosenthal has just been shot and killed and since he was talking about you in the papers I want to get astatement from you. I said, "I am so surprised I don't know what to say. I am mighty sorry if he is dead for I am in a position to show him up."

Hawley said, "Why don't you come down this is a shooting case and you."

Just as we a house white in a shooting case and you. ides I want to talk to you and get some

Advised by Wife to Go.

told Mrs. Becker what Hawley said and she advised me to go down. I then told Hawley I'd come down providing he would meet me. Hawley said that was just what he wanted, and would meet me at the Metropole Hotel or West Forty-seventh street station ctation. In a short time I got a train and got off at Times Square at about 3:30 A. M. and walked toward Forty-third street and Broadway. As I got Forty-third street I saw Hawley. meet me. The streets were almost deserted and it made me think Hawley had been fooling me. But just as I spoke to him a newsboy came by shouting about the murder. urchased a paper which had Rocen-

thal's picture and a story of the shoot-ing in it. Hawley and I went to the Metropole Hotel, which was closed, and we then returned to Broadway and took a car to Forty-seventh street and Seventh avenue and walked to the sta-tion house. When near the station house Hawley met some reporters and continued on in advance, some twenty-

where obstreets we had breakfast. Then Hawley asked me who I thought had killed Rosenthal. I told Hawley I had thought it might be the Spanish Louie crowd or some of the Selig gang. Hawley wrote this story in one of the three following Saturdays.

After breakfast we started to go pack to the station house, but just west of Eighth avenue on Forty-seventh street we met Lieut. Dan Kerr, Detective Edward O'Brien and Frank Flynn, who invited us to have some coffee with them. Hawley and I accepted and went into a small restaurant with them on Forty-seventh street west of Eighth avenue. After this we all went back to the station house. This must have been about 6:30 or 7 A. M.

Mr. Richard Barter came in. Mr. Wal-lace said Mr. Barter was a notary and would take the affidavit for us. I asked Mr. Barter if he would do so. Barter said "Yes." Then the three of us get into a taxicab and rode to 156th street and Amsterdam avenue. It had stopped and Amsterdam avenue. It had stopped raining and we all got out. I said the chauffeur and left for home, Hart and Barter going to see Rose. I reached home about 10:45 P. M., and found Mr. and Mrs. P. V. Shea there. I had several pieces of new music which we replaced on the piano. We talked c Mayor Gaynor assed me why it was it had sat to dinner with Rosenthal. I explained this to him as I did in statement above. The Mayor said the only fault he found with me was my dining the gunmen the night before. The Sheas stayed until near 12 midnight. It had begun to rain again and Mrs. Becker loaned Mrs. Shea her rubber coat. The next morning when Lieut. Shea came to work he brought the coat with him and sent Patrick Reddy to our home with it. This was before I left for my office.

It. This was before I left for my office.

I left home about 3 A. M. July 18, and went to 188th street and subway station, bought the Times, boarded train and met some friend, whose name I cannot recall, stood up and talked with him all the way down to Fourteenth street, where I got off to board local train which would stop at Spring street. As soon as I was seated I looked at the Times and for the first time saw that Rose was wanted for the murder. I at first decided to take the next train back and arrest him, but upon reflection I decided to tell Commissioner Dougherty where to get him, because I thought.

I to Waldo for duty. In fact, Commissioner with a for duty. In fact, Commissioner at the interview came out in an open letter to Waldo, telling him not to transfer me no matter what the papers said. I believe that statement made the papers think I had something on the would stop at Spring street. As and was damned because I would not commit perjury like Rose. Beside to was the general belief I had some; on Waldo and I was pounded for mat first decided to take the next train back and arrest him, but upon reflection I decided to tell Commissioner Dougherty where to get him, because I thought.

I continued my duties in the squad.

Threaten Complainants.

Special Cable Despatch to The Sex Cauz, July 20.—The Chamber of Commerce of this city at a stormy meeting last night began an investing attention of the complaints made by transfer me no matter what the papers think I had something to tell and northing to tell it. I had nothing to tell and northing to tell it. I had nothing to tell and northing to tell it. I had nothing to tell and the comment. Resolutions were adopted favoring a thorough investigation of the complaints made by transfer me no matter what the papers think I had something on the comment. Resolutions were adopted favoring a thorough investigation of the comment. Resolutions were adopted favoring a thorough investigation of the comment. DENOUNCE APPEAL TOU.S.

Galveston, July 20.—The battle upon which the fate of Mexico hangs has been begun between Villa and Gonzales about twenty miles north of Mexico city, according to despatches reaching here from both Vera Cruz and the border. Gen. Genzales with an army of 7,000 is striving to check the advance of an equal number of followers of Villa. Villa. Reports say that Villa's army is splen-

didly equipped. Reenforcements from northern Mexico are said to be ap-proaching Pachuca, Villa's base. All arrangements have been made to move the archives of the government back to Vera Cruz in case Gonzales is defeated, it being reported that a special train is being held for this purpose.

Rats Attack Cats and Dogs. BIFFIN. Ohio, July 20 .- A race of giant rats has been infesting one of the residence districts near the centre of the city. Cats and small dogs are the prey of the huge rats, which make of an ordinary sized cat a good meal.

POISON ON BULLETS

Carranza and Villa Forces Lin- Postponement Said to Be to Wounded Not Only Disabled but Develop Disease, Declares Chemist.

Special Correspondence to THE SUN.

LONDON, July 1 .- A description of the Villa in his fight on Carranza, have submarines has caused much criticism poisonous gases is contained in a book. just published, written by A. A. Roberts, a chemist. Besides telling of the gases Carranza commander, after an occupa- be delay. Congress appropriated the which the Germans have been using in shells and from cylinders, the writer describes a German method of mixing phosphorus in shells so that the poison penetrates the wound and causes jaundice and serious kidney and liver disorders. The same method of using phos-

blows directly from the force employing it toward the lines of those against whom it is employed; or unless the employing force curves backward in a sector from the attacked positions. Otherwise there is a risk that the gas may drift along the lines of the poisoners. It is along the lines of the poisoners. It is along the lines of the poisoners. It is along the lines of the poisoners for the effect would be mitigated, becaused, because gas is soluble in water.

"A more elaborate machine for spreading poison gas over water has also been devised by the Germans, but it would probably be chiefly employed in defence. For protection of officers and men manipulating the poison gas cylinders and drums, and in case of explosions of these devices in the trenches, the more diffusible and deadly for the poisoners.

Walt for 12 Mile Wind.

"If the wind is too brisk the chlorine pleted a submarine, for designs of hulls: gas lifts or blows swiftly over, inflicting for as the shippards are unable to build grave discomfort, but not incapacitating or to procure engines they have asked the attacked. If there is little wind it does not move fast enough, and the poi-

With suited to them. They had to wait for the period of northeasterly breezes; and these have now prevailed for an abnor-Germans, before filling their shrapnel

under a strong military guard. The treasure is represented to be the property of foreign owned mining corporations.

Commenting on this one well posted in these affairs said to-day: "It seems that the Department, with this experience in view, would naturally feel that such experiments should be on a very small scale and until the builder has the ability to design and construct the boat he should not be controlled with building large numbers.

Columbus, N. M., July 20.—Jose Ynez Salazar, ex-commander of the Orozco of the crying demand for these boats of revolutionists, was arrested in the Trest Hermanas Mountains, near here, to-day her many forms and construct the control of the reservoir is another cock joined to a long pipe or hose, which may be carried underground in the Argonne sector, when the Argonne sectors, the boat he should be another cook joined to a long pipe or hose, which is another cook joined to a long pipe or the sector when shown that the beginner of the Brench themselves first covered with some liquid themselves first covered with some t "Near the bottom of the reservoir is
